Dear Mr. McDaniel:

I am writing in response to your letter dated August 8, 2011, to verify that Regulation 103-607 does not apply to PBT Telecom, Inc. (legal name and certificate holder) and PBT Communications, Inc. (legal name and certificate holder) because the companies, individually or together with their affiliates, have invested at least five (5) million dollars in telecommunications facilities within the State of South Carolina.

Should you require additional information or explanation, please feel free to contact me at your convenience concerning this matter.

Sincerely,

L.B. Spearman
Vice President/CRO
